

A word cloud visualization centered around the phrase "input error unit training network". The words are arranged in a dense, overlapping manner, with varying font sizes and colors. The colors range from dark purple to bright green. The words are: analog, user, potential, component, saliency, letter, field, system, solution, block, set, operator, noise, estimator, loss, light, character, view, rules, map, expert, algorithm, training, memory, item, neuron, hand, delay, motor, instruction, disparity, tree, chess, pyramid, word, control, kernel, pattern, learning, error, unit, network, input.
